Chapter 1 by J-DOG

"I'm going to need evil spells, big, evil spells."

32-year-old Jack Blackman had given up on his life's ambition to become a gardener.

However, at an accident he discovers some tight-fisted ghosts trying to shoot his giving dating, Zoe Malkovich, and he decides it's time for change.

In need of some stamps and evil spells, adorable and considerate Jack pops to Cambridge for a bit of shopping.

Having led a happy life, Jack finds himself unable to find evil spells in Cambridge. So he sets out to acquire some evil spells from Plymouth instead.

Soon, he has all the evil spells he needs and begins secretly applying for gardener jobs. He soon realises that tight-fisted ghosts plan to sabotage his new career prospects and decides to take action.

However, when Zoe calls, begging him to come home, Jack is forced to decide what is more important: stopping the tight-fisted ghosts or preserving his relationship with his dating?
